

# ST. HELEN'S SCHOOL | FEB 2026

Principal Waldemar Sambor  
Vice Principal Anthony Belmonte  
Vice Principal Anthony Canosa

## NOTE FROM THE PRINCIPAL

Dear Parents,

After our recent Professional Day, we identified several key areas of focus that we will continue to strengthen and also highlight at our AGM on February 3rd. I truly hope you will be able to join us.

First, Competency-Based Learning.

Yes, we continue to teach strong foundations — what students know.

But we are also intentionally growing how students think, communicate, collaborate, and respond to challenges. Problem-solving, teamwork, and adaptability are life skills, and they matter deeply in today's world.

Second, Literacy.

Literacy remains a cornerstone of learning.

We are committed to teaching students to read well, write clearly, and express their ideas with confidence — skills that open every door in education.

Third, Early Intervention and Individualized Support.

Every child learns differently. Our goal is to identify needs early, provide targeted support, and ensure that every student can succeed with confidence.

Fourth, Student Well-being.

Today's children face more pressure, distractions, and anxiety than ever before.

Teaching self-regulation, resilience, empathy, and emotional awareness is not optional — it is essential.

Without well-being, learning simply cannot flourish.

Fifth, Technology with Purpose.

Technology plays an important role, but it must be used wisely — to support creativity, critical thinking, and problem-solving. It should never replace relationships, play, hands-on learning, or faith formation. The future of education is not more screen time — it is better use of time.

And finally, our Catholic Identity.

This is our foundation. As a Catholic school, we educate the whole child, mind, body, and spirit. Faith allows us to form students of integrity and compassion, who care for others and contribute meaningfully to the world.

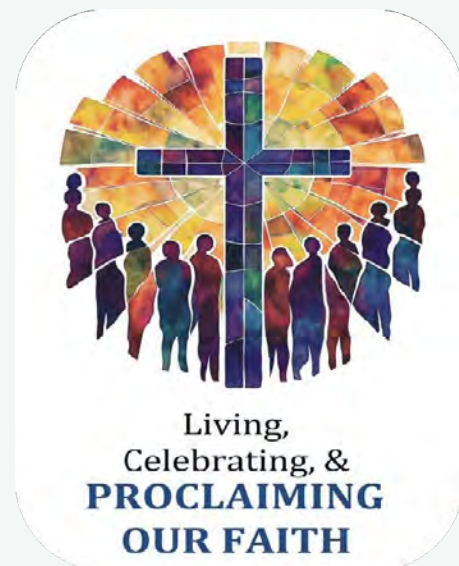

This work cannot be done alone.

We need you — our parents, families, and community — as partners.

When educators and families work together, we truly become a village, united in purpose and care.

That is the heart of our Blue Ribbon vision.

Sincerely in Christ,  
Waldemar Sambor  
Principal

I recently spent a few days in Whistler and attended Mass at the new Church, Our Lady of Mountains which will be completed soon. I highly recommend attending if you happen to visit.

Learning to lead, create, and make a difference!  
Our Grade 6 classes are taking part in "Enspire" this year, a program put on by Enactus through UBC's Saunders School of Business that builds global awareness and inspires young minds to think like change-makers. Students are exploring business fundamentals and social entrepreneurship to make a positive impact in their communities and beyond!

Our library was recently reorganized to accommodate our chess club and many other activities. We currently have over 70 chess club members and I would like to personally thank Mrs. Kenny, Mrs. Utini & Mr. Lacuna for coaching and helping out! We are also in the process of putting in four new bathrooms in the Learning Centre.
